

Label Remover Citrus

Revision: 8/03/2022

Page 1 from 1

Technical data

Basis	Solvent mixture
Consistency	Fluid
Application temperature	5 °C → 35 °C

* These values may vary depending on environmental factors such as temperature, moisture, and type of substrates. ** This information relates to fully cured product.

Product description

Citrus based cleaner with orange scent.

Properties

- Aerosol can be used in any angle (360°)
- Contains natural solvents.
- Cleans and degreases
- Non-aggressive mixture.

Applications

- This cleaner is suitable for removing fresh adhesive residues.
- Designed to use on sensitive surfaces and materials.
- Multi-purpose cleaning.

Packaging

Colour: Slightly orange

Packaging: 400 ml aerosol

Shelf life

3 years in unopened packaging in a dry and cool environment at temperatures between +5°C and +25°C.

Substrates

Substrates: Plastics, metals and glass

Application method

Application method: Shake the can well before use and spray at a distance of appr. 20 cm of the object. Apply as required. Leave to rest for a few minutes. After applying, rub the surface dry with a clean towel. Always rub in one direction. Test for adverse effects on the surface in advance.

Health- and Safety Recommendations

Take the usual labour hygiene into account. Use only in well-ventilated areas. In case of contact with eyes, wash immediately with plenty of water. Dangerous. Respect the precautions for use.

Liability

The content of this technical data sheet is the result of tests, monitoring and experience. It is general in nature and does not constitute any liability. It is the responsibility of the user to determine by his own tests whether the product is suitable for the application.

Remark: This technical data sheet replaces all previous versions. The directives contained in this documentation are the result of our experiments and of our experience and have been submitted in good faith. Because of the diversity of the materials and substrates and the great number of possible applications which are out of our control, we cannot accept any responsibility for the results obtained. Since the design, the quality of the substrate and processing conditions are beyond our control, no liability under this publication is accepted. In every case it is recommended to carry out preliminary experiments. Soudal reserves the right to modify products without prior notice.
